### **Books and Materials**

The instructor will order books and other materials as needed and notify the student/parent of the charge which will be added to the student's account, to be paid with the next month's tuition. Parents may purchase these materials themselves.

### **Instruments**

Students must purchase/rent their own instrument and have an appropriate instrument to use for daily practice.

### **Practice**

A consistent, daily practice habit is essential for music students. Progress will depend on how much practice takes place between lessons. 5 – 7 practice times between lessons is highly recommended.

### **Recitals**

Recitals are planned twice a year. We encourage all students to participate in order to learn performance skills they will need as they reach new levels of musicianship. Student drop off/pick up

### **Student Drop off and Pick up**

Students under the age of 10 yrs old may not be left unsupervised. If you arrive early, please wait with your child until their lesson begins.

### **Parent's Role During Lessons**

We encourage parents of young beginners to sit in on lessons so they may be able to help with practice at home. However, we ask that parents observe only and ask questions when appropriate. Please do not correct or answer for your child during their lesson. Allow the teacher to use his/her judgement.

### **Scheduling**

All scheduling will be done directly with the student's teacher. Make up lessons will be made at the discretion of the teacher. In the event of bad weather, teachers will notify students/parents directly.
